Create a webpage in a file called index.html about one of your favorite musicians, similar to the example below.

## **Depeche Mode Fan Webpage**

Depeche Mode is an English electronic band that formed in 1980. The band members are currently Dave Gahan, Martin Gore, and Andy Fletcher.

Visit the <u>official website</u> or a <u>Wikipedia article</u> about the band.

Fan web page by Anonymous

Use the following HTML containers:

- <header> with <h1> tags that contain the musician's name
- <main> with 2 paragraphs:
  - 1st paragraph gives some background information
  - o 2nd paragraph links to at least one website about the musician
- <footer> that names the webpage's creator
